Dear Ms. *Virginia Hafen*
~~Hafen~~:

Following my suspension of an opinion of this office dated April 17, 1985, concerning the number of witnesses required to record a non-durable power of attorney, I learned that a letter of advice had been issued by my office on February 22, 1985, concerning the number of witnesses to a limited partnership agreement, which agreement must be filed prior to selling, conveying, or transferring an interest in property owned by a limited partnership. Due to the doubt cast upon this advice by Judge Bristow's oral ruling concerning recordation of non-durable powers of attorney, I am also suspending the advice of my office dated February 22, 1985 concerning the number of witnesses required to record limited partnership agreements until such time as the courts of this State or the General Assembly finally resolve the issue.

With kindest personal regards, I am

Sincerely yours,

T. Travis Medlock
