## GENERAL INFORMATION - PA-2

### What is the PACT Act?

On June 29, 2010, the Prevent All Cigarette Trafficking Act (PACT Act) went into effect. This federal law amends the Jenkins Act, 15 U.S.C. Chapter 10A, which governs the collection of taxes on, and trafficking in, cigarettes and smokeless tobacco. The PACT Act revised definitions in the Jenkins Act, provided new requirements for registration, reporting, recordkeeping, and increased penalties for criminal violations. The PACT Act also generally prohibits mailing cigarettes and smokeless tobacco through the U.S. Postal Service.

On December 27, 2020, the PACT Act was amended to include electronic nicotine delivery systems or "ENDS". This change is effective March 27, 2021.

### What tobacco products are covered under the PACT Act?

Cigarettes and smokeless tobacco are covered.

According to 18 U.S.C. 2341 and 26 U.S.C. 5702, cigarettes include:

- Any roll of tobacco wrapped in paper or in any substance not containing tobacco.
- Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling is likely to be offered to, or purchased by, consumers as a cigarette as described in the bullet above.
- Roll-Your-Own (RYO) tobacco, and
- an Electronic Nicotine Delivery System (ENDS).

Smokeless tobacco includes:

- Any finely cut, ground, powdered, or leaf tobacco, or other product containing tobacco, that is intended to be placed in the oral or nasal cavity or otherwise consumed without being combusted (primarily various forms of chewing tobacco, snuff, snus, etc.)

### Who must file this report?

You must file this report if you advertise, offer for sale, sell, transfer, or ship (for profit) roll-your-own, smokeless tobacco and/or ENDS in interstate commerce. The roll-your-own, smokeless tobacco and/or ENDS must be shipped into another state, locality, or Indian nation that taxes the sale or use of roll your-own, smokeless tobacco and/or ENDS.

### When do I file?

The report is due no later than the 10th day of each calendar month for the previous calendar month's shipments.

### Definitions

**Common Carrier** - Any person (other than a local messenger service or the U.S. Postal Service) that holds itself out to the general public as a provider for hire of the transportation by water, land, or air of merchandise (regardless of whether the person actually operates the vessel, vehicle, or aircraft by which the transportation is provided) between a port or place and a port or place in the United States.

**Consumer** - A consumer is any person who purchases cigarettes or smokeless tobacco. This does not include any person lawfully operating as a manufacturer, distributor, wholesaler, or retailer of cigarettes or smokeless tobacco.

**Delivery Seller** - A person who makes delivery sales.

**Delivery Sale** - Any sale of cigarettes or smokeless tobacco to a consumer if –

- the consumer orders by telephone or other method of voice transmission, the mail, or the Internet or other online service, or the seller is otherwise not in the physical presence of the buyer when the request for purchase or order is made; or
- the cigarettes or smokeless tobacco products are delivered to the buyer by common carrier, private delivery service, or other method of remote delivery, or
- the seller is not in the physical presence of the buyer when the buyer obtains possession of the cigarettes or smokeless tobacco.

**Interstate Commerce** - The term "interstate commerce" includes commerce between any place in a State and any place outside of that State, commerce between a State and Indian Country in the State, or commerce between points in the same State but through any place outside of the State or through any Indian Country. The term "State" includes the District of Columbia, the Commonwealth of Puerto Rico, and the possessions of the United States.

**Manufacturer's/Wholesale List Price** - "Manufacturer's sales price" or "Wholesale list price" generally means the invoice price, including all federal excise taxes, at which the seller of the tobacco product sells the tobacco product to customers, excluding any discounts or other reductions based on the method of payment of the invoice or on time of payment of the invoice. The excise tax rate in some states is based upon the wholesaler's gross receipts, which includes their customer mark-up. Check with the specific state into which the tobacco products are being shipped if you have questions about that state's specific definitions or tax base.

**Person** - The term "person" means an individual, corporation, company, association, firm, partnership, society, State government, local government, Indian tribal government, governmental organization of such a government, or joint stock company.
